Why should you recycle paint?

Because paint is the most prevalent household hazardous waste (by volume)
Because it takes fewer tax dollars to recycle paint than to carry it to a landfill
Because the sale of paint cans as scrap metal funds jobs for recyclers

Businesses, schools, and other customers with large quantities
of paint are asked to call 309-331-4781
to arrange for a direct collection.

Collection sponsored by the Fulton County Health Department
and the Tri-County Resource and Waste Management Council,
with support from the Western Illinois Regional Council.
